

Enjoy the outdoors responsibly during COVID-19

Please remember to:

Keep your distance – at least 2 metres from other people. Avoid busy paths and places.

Avoid contact – try to avoid touching surfaces such as gates as far as possible.

Follow reasonable requests to avoid particular areas, such as farmyards, fields with young livestock, and other busy working areas.

Do not let your dog approach other people or livestock – keep it on a short lead or close at heel. Release your dog if threatened by cattle.

Follow the **Scottish Outdoor Access Code**
